Learning from Gramsci
Some aspects of Antonio Gramsci's reception in the German-speaking debate

Intervengono:

Natascha Khakpour, University of Vienna/ Pedagogical University Freiburg

**Janek Niggemann, University of Vienna/ Alice Salomon University of Applied
Science, Berlin**

After the end of the big socialist projects in 1989 Gramsci's *Quaderni del Carcere* were published completely in German language in 1991. Though there were many waves of reception before, the availability of "the whole Gramsci" (Haug) inspired a range of mostly academic works on his main concepts. We will provide some insights from the German-speaking Gramsci reception with a focus on its educational dimension and pedagogical acquirements.

Il seminario è aperto al pubblico, si consiglia l'iscrizione presso il GramsciLab: gramscilab@gmail.com
